

PASSED OVER THE LINE

LEND 2025

Dear Sisters and laity, a special embrace to all of you.

We send you this material for Lent season of 2025 in the context of the celebration of the Jubilee Year of Hope and from there we invite you to be able to express with works our Yes, our illusions, our hopes, our dreams and we can then share them with others, simply from the life of each day, from the life that each one of us has to live. We do not have to do great things, but from daily routine life we must be able to convert these signs of the times into a Gospel.

May something new be noticed in our lives

An embrace and happy Lent season 2025.
