

Day 4: 9th November, 2023

We began the first session with a beautiful prayer led by the Province of Fr. John Bonal. The prayer was intended to help each of us to make an option either to die or to live by choosing a path that requires change. It was illustrated by the life of an eagle that opts for a change. We were also able to exchange lighted candles with as many participants as possible which indicated our ability to make choices to change and live.
