

SUNDAY GOSPEL, 12th of June 2022. Cycle C

SOLEMNITY OF THE HOLY TRINITY

LOVE THAT OVERFLOWS

IN EVERYTHIN

SETTING

Before You Father, in the Son, with the Holy Spirit, love for three, in one.

I am yours Lord, I open myself to you, letting myself be filled by your wisdom, simple, direct love, community of love.

With you I want to walk towards the new paths, that of life, the one that makes me more human, more fraternal, and more equal to all.

You are my strength, the breath that creates and recreates everything. I can do everything in You of what I dream of, what I aspire to, what I perceive, what I feel called to...everything can be possible in the commitment of love that you give birth to every day, in me, with new possibilities of being and in doing.

Your love community in the Son for the Spirit that heals touched hearts, strengthen us always to be with you, love that is shared with everyone.

GOSPEL – John 16, 12-15

"I still have many things to say to you, but you cannot bear them now. When the Spirit of truth comes, he will guide you into all the truth; for he will not speak on his own, but will speak whatever he hears, and he will declare to you the things that are to come. He will glorify me, because he will take what is mine and declare it to you. All that the Father has is mine. For this reason I said that He will take what is mine and declare it to you."

We deepen the Gospel

Jesus reveals here the intimacy of the Trinity, a mystery into which he himself introduces us. But to perceive this mystery of love and communion, we must agree with it, it is essential that we ourselves be a brilliant fire of love and communion. What Jesus tells us in this gospel, among other things, is that the Spirit of God, his fire, is going to come to us and dwell within us. We must bear in mind that we are still in the context of the Last Supper on Holy Thursday: Jesus says goodbye to his disciples and prepares them to live the events that are to come. It reveals almost all of its mystery to them, but there are things they still cannot understand: "I would have to tell you many more things, but for now, you do not have the strength to bear them."

The history of humanity, like all human history, is the story of a long road. In the same way that we, parents and educators, accompany those entrusted to us to help them in their progressive awakening, God accompanies humanity in its long journey. That is right, throughout the biblical history, God progressively revealed himself to his people and only, little by little, did the chosen people abandon their spontaneous beliefs to discover, better and better, the true face of God. But this is not all the proof; it consists of the difficulty of Jesus' own disciples in recognizing him as the Messiah since the image they had made of him was completely different.

Last detail to take into account: "The one who is going to come, will explain everything to you", Let us not expect revelations

typical of visionaries... Here it is about something much bigger. Here it is a question of the great project of God that is carried out in human history. This is the Spirit that dwells in us forever and that also infuses us with all the audacity necessary for the mission. We are then, far from an intellectual knowledge! What is at stake here is that we are invited into the very intimacy of God! Ultimately, when we celebrate the Feast of the Trinity, we do not contemplate an impenetrable mystery from afar, but rather we are already celebrating the great feast of the end of time, the feast of humanities entry into the House of God.

Clues for the Prayer

1. What does the Trinity mean in my life? What can the Trinity say to Synodality?
2. Do I discover the exchange, the lack of protagonism between the persons of the Trinity?
3. What do you feel invited to do today after reading the Gospel?

YOU INSPIRE MY LIFE HOLY TRINITY

DREAM THAT COMES TRUE

Let us be one in
love relationship,
Father, Son and the Holy Spirit.
That you give yourself always and to each one.
You are and are in everything.
You are the dawn that lights up the day.
You are a smile that makes life happy.
You are illusion that motivates the effort.
You are wisdom that floods the interior.
You are the moon that relativizes fears.
You are the only source of encounters.

You are water that waters hope.
You are applause that recognizes talents.
You are listening that enhances meaning.
You are a word that tells stories.
You are welcome that begets people.
You are wisdom that recreates history.
You are wind that encourages the moment.
You are the breeze that softens everything.
You are a dream that opens paths.
You are a flower that perfumes and beautifies.
You are a caress that awakens tenderness.
You are Holy Trinity,
Community of love
You are interior that welcomes little gods.
You are the inspirer of sensible doings.
You are the kind caretaker, of different.
You are Holy Trinity,
Different and possible fraternity.
Pour your dreams into us,
your gifts, your vitality,
Let us be in every part of the way,
divine humanity,
dream makers.
Communion, passion,
participation, service.
That, in that fraternal unity,
in your name God One,
Let us be a reflection of your open love
Drench us in your soft fragrance.
Let us walk in Trinitarian Synodality,
Father, Son and Holy Spirit.
